W. I. CONFERENCE Held In Strathmore

The Twenty-fifth Annual Conference of the Women's Institute of the Gleichen Constituency was held Tuesday in the Memorial Hall, Strathmore with an attendance of about seventy-five. Mrs. Duncan Clark of Cluny, Constituency Convener presided. Branches represented were Langdon, Queensnook, Berry Vale, Nightingale and Cluny, and very satisfactory reports of the years work were given.

An enlarged and very excellent display of handicrafts was brought in. In addition a table of non-competitive exhibits was on display, showing some excellent examples of modelling, glass work, pottery, scrapbooks etc. The Handicraft exhibition showed some excellent samples of sewing, embroidery, thrill articles and the judges had a difficult task.

They were Miss Hoeg, Mrs. Garrett and Mrs. Ekke. Mrs. Albert Mercer acted as judge.

At 12:30 a bountiful lunch of fried chicken with all appetizing accompaniment was served by Mr. and Mrs. Hansen assisted by Mrs. Issard and Mrs. V. Miner.

Following luncheon a warmly worded welcome was extended by Mayor Hughes, who complimented the members on the very worth while work they are carrying on.

This welcome was ably replied to by Mrs. Fairbourn of Cluny.

Mrs. Geo Thurston gave an up to the minute talk on citizenship, touching on the new question of the Flag, citizenship regulations etc., etc., with which we should all be familiar. Mrs. Thurston concluded her talk with a thrilling poem on the beauty of Canada's varied attractions and the strength of our people.

Mrs. Hutchinson of Warner, District Convener, commented on the work of the various branches, and gave added bits of advice. She touched on rural electrification.

(Continued on Page Two)

Cadets Make Fine Impression

Major Penny, Commanding Officer of Alberta Cadets was a recent visitor to Strathmore to inspect the boy's cadet corps under Captain J. A. Crellin and the girl's cadet corps under Mrs. A. Polley.

There were 72 cadets on parade. After the General Salute, the corps followed with the march past in column of route, in close column of platoon and the advance in review order. Cadet Lieutenant Ollen Bower was in command with Cadet Lieutenant Olive Potter and Company Sergeant Major Dick Caldwell in charge of platoons. Major Penny was accompanied by S. H. Crowther as he inspected the two corps.

Following the parade, the company broke off for the afternoon's program. The boys exhibited their skill in Rifle Drill. This was followed by Physical Training to music presented by the girls. The girls made a colorful showing in their red wedge caps, navy skirts and white blouses with red ties. Signalling was demonstrated by the

Lions Convention At Waterton Park

The 29th Annual Convention of District 37 Montana-Alberta, Lions International, was held June 26, 21,22 at Waterton Lakes Park, Alberta.

Delegates and others attending from Strathmore were, Lion President George and Mrs. Palardy, Lion Manuel and Mrs. Hirtle, Lion Jack and Mrs. Eyles, Lion Charlie and Mrs. Scott, Lion Spence and Mrs. Hughes, Lion Ray and Mrs. Wilkinson, Lion George and Mrs. Riadon and Lions Leonard Hilton, Lion President Elect Charles Harvey and Lion Zone Chairman W. E. Springthorpe.

Registrations started on Wednesday the 19th, with the Convention officially opening on Thursday at 2:30 p.m.

The highlights of the Convention included the following, an address by Warren Melville of Regina President of the Canadian Lions Clubs. An address by Eugene S. Briggs of Enid, Oklahoma, 3rd Vice President of Lions International.

Key members breakfast on Friday morning at the Prince of Wales Hotel, Mixers Ball at the Pavilion Ballroom. District Governors Banquet on Friday evening followed by the District Governors Ball both in the Pavilion Ballroom.

On Saturday morning Final Reports from the Chairmen of the various committees.

Continued on Page Two

Impressive Masonic Service

Sunday evening members of the Masonic Order numbering about 24 assembled in the United Church for their regular annual service.

Rev. Hunt welcomed the Order to the Church. The music rendered by the choir under the capable direction of Mrs. Hunt, the Anthem by the Choir and solo by Blaine Chapman were very well rendered.

Rev. J. Garden, Principal of Mount Royal College, Calgary, held the closest attention of everyone throughout his able and timely sermon. Basing his address on the passage in Revelations dealing with the four horses which he interpreted as 1. the white horse—taking away Peace. 2. the red horse—taking Peace and bringing war. 3. the black horse—famine. 4. the pale horse—bringing death and disease. Rev. Garden pointed the tragic similarity in world conditions of today.

He spoke of the tremendous problems that confront us in the working of life and stressed again and again the only way to obtain a World Peace is to live the great laws of God, to banish selfishness and greed, and to seek peace by putting these fundamental principles into practice and so bring a world in which brotherly love becomes a reality.

Speaking to "the brotherhood" he urged them to follow closely the principles on which the order is founded of brotherly love and the teachings of the Man of Galilee.

Entertaining Dramatic Evening

The Dramatic evening given last Thursday by students of the University of Alberta proved very creditable and entertaining.

The acting in several cases was quite just the amateur stage.

The "makeup" was excellent and on the whole the spoken words could be distinctly heard.

The Three One Act Plays were The Boor played by Miss Lois McLean, Peter Petrascheyk and Lawrie Levine. Luka played a difficult part exceedingly well as did Lawrie Levine. Miss McLean was very good but better in the next play.

The Play—"Meeting the Chinooks" A humorous characterization was cleverly put on, and the various characters well suited to their respective roles.

The Third Play—"Raisin" The Devil was from a point of acting and plot perhaps the most difficult and the most skillfully carried through. Possibly from a point of ethics some might object to the plot, but that aside this play was exceedingly well acted.

There were no "weaker players" in the cast each one carrying through his role with conviction.

We noted that two of the actors appeared in each play.

Granby, Que. Boy Scout Troop boasts no less than 22 King's Scouts within its ranks, believed to be a record for any Canadian Scout Troop.

COMING EVENTS

Regular Clinics for Infant and Pre-School Children are held by the Wheatland Health District from 2:00 to 4:30 p.m.

Strathmore, the second and fourth Tuesday in each month. Carlsland the second Friday in each month. Standard, the third Friday in each month. Lockford the third Friday in each month.

Office hours are from 9-12 a.m. each Saturday. J2746.

ENDING AND BEGINNING PASTORATES IN THE UNITED CHURCH

Rev. W. E. Selber will conduct his concluding services on the Carlsland charge, Rev. S. R. Hunt on the Strathmore and Gleichen charges. (3 p.m. service at Gleichen).

Induction service of Rev. W. E. Selber in Gleichen will be held Thursday evening July 1th. Rev. A. Hamilton will be inducted in Strathmore, on Friday July 5th. Rev. S. R. Hunt in Carlsland July 5th.

40TH ANNIVERSARY UNITED CHURCH

Forty years have passed since the first service was held in Strathmore, by Rev. W. H. Irwin, Methodist student, now stationed at Bellevue, Alta. Rev. Mr. Fraser Presbyterian minister had previously conducted services at Cheade, the Shoshone home at Nanais had also had previous service. Join with the old-timers on Sunday evening June 30th and hear the story of early days in the Church.

THE OUT-SIDE

PASTURE USE

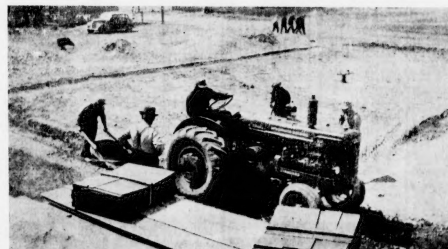

Young pasture plants, both grasses and legumes, are more nutritious than plants in the later stages of growth. On the other hand the carrying capacity of a pasture increases with growth. How can these conflicting claims be adjusted to the best advantage? J. E. Birdsall, Supervisor of Crop Improvement, suggests that a middle might be taken and an attempt made to secure both nutritious pasture and a good supply.

One of the best ways to do this is to adopt a system of rotational grazing. Under such a system the pasture is divided into two or preferably more parts, and each pastured in turn. On dairy farms, the milking cows should go on pasture when the growth is four to six inches high; then when the pasture is partially eaten down the dry stock can be turned in. The use of an electric fence makes such a plan feasible and easy to put into effect.

NEW VISION AID FOR FOG

A new instrument for improving the range of human vision in fog has been invented by an English scientist. The instrument, which is already in production, is called the "reicoscope". It is the outcome of considerable research work begun before the war by the inventor. The model in its final form weighs about twenty ounces and is as easy to handle as a pair of binoculars.

CLUNY BUILDS COMMUNITY HALL

Pictured above are two stages during the construction of the Cluny Community Hall. The first, taken May 10, shows the ground being broken for the laying of the surface foundation. The second, taken June 13, shows the completed structure. On the ground floor, are committee rooms, kitchen, dining room, and cloak room, while the upstairs can be used as an Auditorium or a Dance Floor, with a stage four feet high at the East end.

NEW SCHOOL OF AGRICULTURE

J. M. WHEATLEY ON COMMITTEE

A committee has been set up to study and investigate the possible and most appropriate location for additional schools of Agriculture in Alberta. Members of Committee are Mr. Longman Deputy Minister of Agriculture, J. M. Wheatley, J. L. McIntosh Demdale and Miss Winnifred Ross, Millet.

The committee is to report on:—

(a) A suitable location for at least two schools of Agriculture, one in the north and one in the southern part of the Province.

(b) The probability of expanding the existing schools to accommodate enlarged enrollment.

SHARE WITH THE HUNGRY

FIGHT FAMINE

When you eat in restaurants, order only what you can, and will, eat. Replace the main dish sandwich with a hearty soup or salad. Choose fruit or flourless desserts in place of pie or cake. SHARE with the hungry.

CLOTHING DRIVE

In order to complete the canvass in town for the National Clothing Drive, the Lions' Club has arranged for two trucks, to tour the town, and a group of Boy Scouts will run from door to door to collect parcels. Townspeople are asked to have their bundles ready when the Scouts call.

Depending on rain, the collection will be held from 5:00 to 7:00 p.m. on Thursday afternoon, June 27, or on Friday, if it rains on Thursday. Clothes collected could not be packed wet, and this necessitates the double date.

W. I. CONFERENCE

(Continued from Page One)

The Jr. Red Cross Hospital, a Mobile Unit provided by the W. I. costing \$500 to be in operation by October 1st.

Mrs. L. Hilton followed with a practical address on the elimination of house pests. She suggested the judicious use of D. D. T. but said it must be used with extreme caution. She advised parents to forbid their children playing with field mice. She urged the utmost care and economy in home management and concluded by saying it is our duty to see that everlasting peace is brought to Europe.

The highlight of the Conference was the very excellent and comprehensive address given by the Provincial President Mrs. Norton of Vegreville.

She touched on everything pertaining to the further development of the individual and the W. I. local and Federated. She mentioned the three 350 Scholarships being given, one to a girl at Olds, one for general proficiency to 2nd year students at Vermilion and a third possibly to the Banff School of Fine Arts.

As a result of a delegation to Ottawa women had been placed on two committees hitherto conducted solely by men.

She told of the beautiful gift sent by the English women to the women of Canada, which will be on exhibition in Calgary, then placed in the archives in Ottawa.

She scored the idea so prevalent that Canada has no tradition or history of its own and cited many subjects very worthy of the pen of an original writer and urged any one with the talent to write these, to do so. So many objects of historical wealth could be patterned into a thing of beauty.

The Western School of Music forming one unit of advance.

Mrs. Norton said every crust in our garbage pail is an obstacle to peace. She urged all to strive to the utmost for a world of unity and justice.

Two resolutions were submitted:—
1. Resolved that Canadian Citizenship be given only to those having a reasonable knowledge of Canadian history and a fair knowledge of the English or French language. This created considerable discussion, but was finally carried by a small majority.

2. Resolved that some provision other than gaol be given juvenile delinquents, carried.

A very interesting musical program was contributed by Mrs. Mercer who gave the monologue "Soap," and for encore sang, "The Usual Way," accompanied by Mrs. Geo Thurston on the piano. Little Charles Mercer pleased the audience with his clever boyish singing of "Waltzing Matilda", "Pack up Your Troubles" and "Home on the Range".

The duets, "Garden of Happiness" and "Sometime" were sung in excellently harmonizing voices by Mrs. T. S. Hughes and Mrs. Mercer, Mrs. Thurston accompanying.

Election of officers resulted:—
Constituency Convener, Mrs. Snider of Langdon; Secretary, Mrs. W. James Cluny.

Convenors of Committees:—
Home Economics, Mrs. James, Cluny; Handicraft, Mrs. Chas Kimmitt, Nightingale; Social Welfare, Mrs. Jeffers, Queenstown; Legislation and Nationalization, Mrs. Albertson, Langdon; Agriculture and Canadian Industries, Mrs. P. Joel, Berry Vale.

Prize winners were, Silver Cup for the highest number of points in the Exhibition (246) Langdon.

Most outstanding artistic piece—fine crochet, Mrs. Chas Kimmitt.

boys, which was followed by an exhibition of First Aid by the girls. The programme was concluded with rhythmic physical training by the boys.

Following the programme Major Penny spoke briefly to the company. He complimented Mr. Croxter, Capt. Crellin and Mrs. Polley on their leadership and the students on their work. He urged the boys to attend the Provincial Camp and also, mentioned the activities being organized for both corps for next year.

Following the dismissal tabled sports were arranged by Capt. Crellin, assisted by Mrs. Polley and parents of the cadets. Lunch was served in the school under the co-sponsorship of Mrs. J. A. Crellin. A picture show completed a busy afternoon.

This week the boys have taken signalling tests to qualify for certificates. Thirteen girls were tested by Dr. J. W. Giffen for their Junior certificates in St. John's Ambulance First Aid work.

Lions Convention

Continued from Page One

mittes were read and discussed, followed by the Necrology Ceremony for Lions that have passed on during the past year in Alberta and Montana.

The Report on the nominations for District Governors for the coming year was read and the following were elected for the 1946-47 year. Lions Phil Lewis of Missoula, Montana, Lion Paul Moreland of New Dayton, Alta. and Lion Ray Nelson of Choteau, Montana. There being three District Governors now instead of two as heretofore.

The Entertainment for the Convention was ably taken care of by the following. Jac Friedenberg of Calgary Mrs. L. E. Harroldsen of Helena Montana. The Missoula Quartet of Missoula, Montana, and others.

The Stunt Luncheon on Saturday

was a huge success, and several very amusing stunts were enacted which brought roars of laughter from the crowd.

The Convention just concluded was the largest and most successful in the History of District 37, there being 762 Registered for the occasion, not including special guests.

A Cabinet Meeting of the International Representatives, Past and Present District Governors, Deputy District Governors and Zone Chairmen to lay plans for a bigger and better District in 1946-47.

The Convention finally closed when the curtain ran down after a very good performance by the "Bellevue Dance Revue" for which the Ballroom was again packed to the doors.

We wish to extend our hearty thanks to the Waterton Lions and the Host Clubs for their untiring efforts in arranging the many details contributing to the general success of the Convention.

INTEREST RUNS HIGH IN BARLEY CONTEST

Entries having closed June 15, contestants are reminded to watch June 29th as the next deadline in the National Barley Contest.

By that date those in the contest must complete and send to the chairman of their provincial committee the application for field judging. Application forms have been sent to the chairmen of the various provincial committees and are being mailed to each contestant.

Any contestant who hasn't one should get it. Address the request to Provincial Chairman, National Barley Contest, Department of Agriculture, at Winnipeg, Regina or Edmonton, depending on the province of residence.

HIRTLE'S

Touring Alberta Farmer

James Hannaford, former Alberta Wheat Pool delegate, who disposed of his farming interests at Howie, is now on an automobile trip through the western United States. Writing from Portland, Oregon, he says that bread is scarce but everything else seems plentiful. Meat is dear, roasts being priced at around 60c a pound. Jim went through the "Big Bend" country of Washington and was rather amazed at the changes since he was there twenty years ago. He drove 120 miles west of Spokane without seeing an animal of any kind on the farms. Farmers are taking to living in the towns and cities and all that is on the farms is a tractor and a gas wagon. Farmers obtain good prices for their products, but complain about municipal, state and federal government taxation. Jim was interested to find out that farmers get a premium if their wheat is high in protein. One farmer told him he got 23c a bushel extra because of the high protein content. One grain buyer told him that he paid a premium of 8c a point above 10 per cent protein.

SCOUT NOTES

PROMOTING HARMONY

Speaking at the Annual Meeting of the Canadian General Council of the Boy Scouts Association, Major-General Dan Spry, who shortly becomes Chief Executive Commissioner of the Association, said he looked to Scouting to bring much of the desired harmony in Canada. General Spry said that his military experience had taught him that you could bring together men from all parts of Canada, of diverse racial, religious and political backgrounds, and place them under capable leadership, and get a well-knit team capable of great accomplishments. It was equally true he said, that boys of all provinces and different racial and religious origins, brought together in the common purpose and programme of scouting could bring to Canada the harmony which was so sadly lacking today.

FIGHT FAMINE

Use vegetable toppings for meat pies, instead of pastry or biscuit.

Substitute single for double crust pies.

Forego your weekly cake, and reduce the contents of the cookie jar.

STOBART

About thirty friends and neighbors of Mr. and Mrs. N. Jensen gathered at their home Wednesday night to honor them on the occasion of their twenty-fifth wedding anniversary. After an evening of merry making and song a delicious lunch was served by Mrs. Jensen and Ellie. Mrs. Geo. McBean on behalf of the community presented them with a beautiful gift of silver with cut glass centre.

Mrs. Roy Foster who underwent a serious operation in Calgary a week ago is progressing fine and hopes to be home in another week.

Miss Leona McBean spent the week end in Banff a guest of Mr. and Mrs. Hayes and Walter.

Tuesday afternoon, Mrs. Ed Ferguson entertained at a shower in honor of Miss Eileen Collins, a bride-elect of this week. After a delicious lunch was served little Lorne Ferguson and Pat Hall pulled a large doll carriage decorated with white and pink streamers to the bride to be. After the gifts were opened and admired, Eileen very graciously thanked all those present and invited them to visit with her in her new home in Vancouver.

Mr. Roy Foster, Pat, Don and Jean McBean spent the week end in Calgary.

Mr. and Mrs. Geo McBean and Baby daughter were Calgary visitors Monday.

Adele Jensen, came from Calgary to be with her parents on the occasion of their silver wedding anniversary.

Jim Craig has gone to California to spend some time with his mother and sisters.

Friday night, the Stobarts paid a real surprise visit to Mr. and Mrs. Walter Pomroy on the occasion of their silver wedding anniversary, later proceeding to the home of Audrey Johnson and Mr. and Mrs. Lilja where a larger crowd had assembled. A jolly evening was enjoyed by all, after which lunch was served. Mr. Geo McBean on behalf of those present, very capably presented the couple with a purse of silver requesting them to purchase for themselves a gift in silver. Mr. and Mrs. Pomroy each thanked all those present for their kind remembrance of their anniversary.

Mrs. Pomroy Sr. Mrs. Chas Pomroy Chet and Cliff motored from Rockyford Friday night to attend the Anniversary party of Mr. and Mrs. W. Pomroy.

RURAL GLEICHEN

Allen Langmuir spent the week end at the Quinell home.

The W. A. of St. Andrews Church held their regular meeting at the home of Mrs. R. J. Burne, last Wednesday afternoon. A good crowd was in attendance and they decided to take a holiday during the summer months. At the close of the business session, a delicious lunch was served by the hostess.

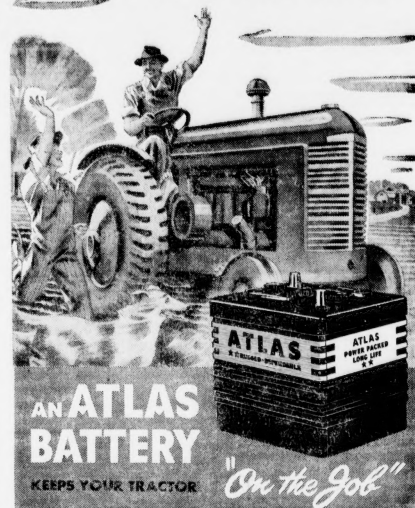

Denton E. Sammons of Gleichen, Murdoch W. Cameron of Trail, B. C. and Harold Blackmore of Rosemary have formed a company and bought the Gleichen flour mill. They took possession the first of June. We wish them luck in their venture.

Mrs. E. Etheridge and Mrs. Dording attended the Medicine Hat Constituency Conference of the U. F. A. and U. F. W. A. held at Brooks Saturday.

Mrs. L. Koefoed and Mrs. J. A. McArthur attended the birthday party of the Rockyford Charter O. E. S. Tuesday evening.

One slice of bread saved each day by each Canadian would provide sufficient to increase the daily ration of 900,000 hungry people by 1600 calories.

WATER FOR STRATHMORE

Meeting tonight in the Memorial Hall will be the ratepayers and the Town Council of Strathmore to discuss the question as to whether or not the Town should take steps to install water and sewage in Strathmore.

This meeting will not give an official vote, but serve to give the ratepayers a comprehensive picture, insofar as is possible, of the problems, the costs, and the difficulties involved, together with the probable advantages accruing from its installation. It will only give a straw vote, on which the Council will base its future activities. It must be followed at a later date, by an official vote, in the form of a money-by-law, which will give the final assent or refuse it as the taxpayers see fit.

It is to be hoped that the meeting tonight will give authorization to the Council to continue with activities. There can be no time more propitious to Strathmore for installation of these conveniences . . . there is a certain amount of money running through the hands of the public which will serve to strengthen the spirit of go-ahead. There is no chance for Strathmore to increase in growth without these facilities, and every chance that it will do so if there is something in this line to offer.

The suggestion of spreading the cost over a period of thirty years, means that it is not the man now in town who has to pay for the system, but the man who will continue to live here, the man who will be using the water system. This is only fair and as it should be.

Every ratepayer should make it his business to attend the meeting in the Memorial Hall tonight and give his opinion on this important matter.

ALBERTA FARM SAFETY WEEK
JULY 21 to 27

The announcement of a campaign to prevent accidents on farms and in the homes of our rural population is most welcome.

Direction of the Campaign is being provided by the Alberta Industrial Accident Prevention Association in Edmonton, under an Advisory Committee composed of people prominent in farm

activities; General Chairman, Hon. D. B. McMillan, Minister of Agriculture.

Need for safety education is emphasized by the fact that in 1944 288 farm residents lost their lives, and 28,000 were injured in Alberta, by accidents that were largely preventable. The economic loss was estimated to be more than 18 million dollars, a serious blow felt by every Community in the Province. Figures which are as yet incomplete indicate a still worse picture for 1945.

Information on Safety, and formation of Safety Committees, is in the hands of all Municipal Councils, the branches of the Alberta Women's Institute, the Alberta Farmers' Union and other farm organizations.

As a public service, this newspaper will, in the next few weeks, publish a series of accident prevention articles dealing particularly with the Farm. We urge our readers to save these articles for future reference and discussion.

DUCKS BACKING
40 NEW PROJECTS

Forty new projects for duck conservation in the prairie provinces, costing \$27,000 are being undertaken this year by Ducks Unlimited and should be completed by fall, Thomas Main of Winnipeg, general manager of the organization, said in Calgary Tuesday morning.

Several of the projects are in the Strathmore area. They are mainly dams for holding surface water.

FRUIT IN SUMMER

Now is the time to substitute the fruit bowl for the cookie jar in Canadian kitchens, say Ottawa health authorities. An official of the Nutrition Division, Department of National Health and Welfare, points out that not only will this provide children with the food elements so essential to health, but, at the same time, will help to make more flour available for the hungry millions of the outer world.

FARMER'S
COLUMN—

By R. J. M.

A timely topic for discussion at present is baby chicks, their care and maintenance. Many farmers have purchased baby chicks or turkeys and have raised them successfully and with little loss up to the present. Now that they are grown somewhat and range further afield, the chance to pick up disease is greatly multiplied.

One of the worst diseases to attack the chicks between four and sixteen weeks of age, is Coccidiosis. This disease is an infection of some part of the intestinal track and in view of this, it is spread by the droppings of infected birds. Therefore, strict sanitation has to be practiced. Again this is the most sensible and most easily practiced control measure. In fact it is a preventative measure. It is very essential to have the new chicks completely isolated from older birds which are the carriers. Chicks that appear ill must be segregated from the others. All feed troughs and drinking utensils must be cleaned frequently in addition to all roosting or resting places. The walls and floor space should be white-washed frequently.

Coccidia belong to, in fact they are the chief members, of a group of disease agents known as Protozoan parasites, which have a definite life cycle. The Protozoa are passed out in the droppings of infected birds in egg-like bodies or cysts, known as oocysts. It is by means of these oocysts that new hosts become infected. After a period of incubation they are able to set up infection if swallowed by another chick.

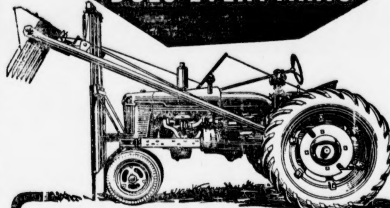

Four or five days after infection the first symptoms appear; the dropping will show watery with blood soon appearing. The constant loss of blood causes the symptoms of anaemia with all color being drained from the combs. The affected birds lose appetite and weight and soon present an unkempt, droopy appearance.

Undoubtedly the best treatment available to date for coccidiosis is sulphaguanidine. This treatment was tried in several outbreaks in Alberta for the first time this spring and results have been excellent. The recommended method of treatment for a flock in which coccidiosis has already broken out is as follows; one percent medicated mash of Sulphaguanidine is provided as the only feed for the chicks for a period of 36 hours, then follows four days of regular feed, the medicated mash is again provided as the only feed before the birds for 24 hours, then four days of regular feed followed at the end of that time by 24 hours of medicated mash. The treatment thus covers a period of eleven and one half days. Fed as recommended it is no way harmful. It must be well mixed in the mash. Buying the one percent medicated mash already prepared seems desirable, as hand mixing presents difficulties in getting the drug evenly distributed throughout the feed.

OVERNIGHT SEASONING OF
LUMBER

A South Carolina wood preserving company announces success in overnight seasoning of wood by vapor drying. The Financial Post reports. After six years' research the method evolved dried railroad ties in 12 hours, reducing moisture content from 80% to 30%. The process exposes green or partly seasoned wood to inert organic vapor raised to high temperatures in a closed chamber. The vapor provides a neutral atmosphere which permits heating the wood without charring.

Tousands of Boy Scouts in every part of Canada are to assist in the National Clothing collection.

Get the Loader that
GOES EVERYWHERE

DONILY MOTORS

NIGHTINGALE

—By Mrs. F. H.

The ball tournament held here last Friday drew a large crowd. Nightingale and Strathmore played the first game with Strathmore winning. Chancellor and Rockyford played the second game with Chancellor winning. Chancellor and Strathmore were in the midst of a good game when word of fire at the Dougan home came and the crowd immediately left to see if any help could be given. Mrs. Joel and daughters served refreshments at a booth and all in all it was a very successful day for the ball boys. Paul Crough's Orchestra furnished music for the dance in the evening.

While Don Dougan and family were at the ball games last Friday, fire destroyed their home. Mr. Taylor who runs an elevator at Hamlet noticed the fire and hurried over but managed to save only a little from the east room. The fire had too good a start and the loss was severe. Mrs. Dougan and the boys are now with her mother Mrs. J. Taylor near Strathmore.

Mrs. Jack Stoodley and daughter Gertrude also have since both Turk left Friday for Eau Claire where they will visit Mrs. Stoodley's parents Mr. and Mrs. Morton Hamar.

Rains over the week end brought smiles to everyone.

ARDENODE

—By Mrs. H. S.

Mr. Albert Beas of Windsor, Ontario is spending a few days at the home of his sister and brother-in-law, Mr.

WHY DID JESUS CHRIST DIE ON CALVARY'S CROSS?

—TO TAKE THE PUNISHMENT FOR YOUR SIN —
HOW CAN YOU BE SAVED?

1. REPENT—Luke 13:3.

2. BELIEVE—1 Corinthians 15:3 and 4.
(a) That Jesus Christ died on Calvary to take the punishment for your sin.(b) That he rose from the dead.
3. SIMPLY say "THANK YOU" to the Lord for shedding his precious BLOOD on Calvary to take the punishment for your sin.

Matthew 26:28; 1 John 1:7-10.

4. Confess Christ Before Men.

Matt. 10:32 and 33.

Romans 10:9 and 10.

HOW DO YOU KNOW YOU ARE SAVED

JOHN 1:12

"But as many as received Him to them gave He power to become the sons of God, even to them that believe His name."

YOUR PART — "Whosoever BELIEVETH IN Him"

GOD'S WORD "SHALL NOT PERISH but have everlasting life." John 3:16

NOTE: There is only one way into Heaven—through the shed blood of Jesus Christ — Matt. 26:28.

There is no other WAY — John 14:6

CHILD DISEASES

and Mrs. L. M. Wise.

We are very glad to see Mr. T. Owens back home on the farm again, having been overseas for the past five years.

Mr. and Mrs. Alfred Johnson of Brooks were guests of Mr. and Mrs. L. M. Wise one day last week.

Mrs. Wanda Plath and Mr. A. Gillings entertained at Bridge in the Service berry school house Saturday evening last.

Mrs. Charles Sr. and Mrs. Charles Jr. left Monday by plane for Vancouver B. C. after spending several weeks the guests of Mr. C. O. Dawson.

Everyone is rejoicing over the grand rains we got over the week end. It has greatly improved the crops.

Garden Seeds to the value of \$750 were sent by Canadian Boy Scouts to the Boy Scouts of Britain for their Scout gardens in the first few months of this year.

Range Ladies Aid will meet in the home of Mrs. Carl Madsen.

CHRISTIAN SCIENCE

The subject of the Lesson-Sermon at the Christian Science churches on Sunday will be, "Christian Science." It will be expounded in passages like these: "And Jesus went about all the cities and villages, teaching in their synagogues, and preaching the gospel of the kingdom, and healing every sickness and every disease among the people." (Matthew 9:35). The infinite Truth of the Christ-cure has come to this age through a "still small voice", through silent utterances and divine anointing which quicken and increase the beneficial effects of Christianity." (Science and Health with Key to the Scriptures, by Mary Baker Eddy, p. 367)

LANGDON

— By G. E. W. —

The members of the Langdon Woman's Institute were justly proud of themselves last Tuesday, April 18th, when they were awarded the T. Eaton Cup for the best display of Handicraft at the recent conference held in Strathmore. To be able to keep this much coveted trophy it has to be won three years in succession—so "huff and puff" we're out to do our best. Several interesting reports were read at the Conference and Mrs. Morton, of Vegreville, the Provincial President, gave a most interesting talk on Institute work, which was so much enjoyed. Read also was a report by Mrs. Hutchinson which was also very interesting. During the afternoon election for the new constitution the winner was held and Mrs. E. D. (Agness) Snider was elected for the two years. Congratulations Mrs. Snider and Good Luck.

Mr. and Mrs. Geo. Whitney and Stewart were in Calgary last Monday attending graduation exercises at Mount Royal College, where Ray is attending.

Most of the children in the upstairs school room are out now for two months holiday, and the students in grade 9 are writing their finals. The lower grades will be finished this week end and a real good time will be had by all at the picnic on Friday weather permitting.

CHANCELLOR

— By Mrs. J. M. W. —

Mr. Stan MacAllister of Elhorna was in town on Tuesday.

Mrs. Lester Mann entered the Holy Cross Hospital this week to undergo an operation, we wish her a speedy recovery.

Mrs. J. M. Wheatley attended the postmaster convention held in the Palais Hotel, Calgary.

Word was received here of the death of Mr. E. S. Naylor at Vancouver on Friday June 21st. Mr. Naylor resided at Chancellor for 25 years before retiring to Vancouver last fall owing to ill health. He was a veteran of the Great War. The sympathy of his comrades and friends is extended to Mrs. Naylor and family.

Chancellor on the ball tournament at Nightingale on Friday.

Mr. J. M. Wheatley left on Monday for a tour of the Peace River Country in connection with locating the best site for a new Agriculture College.

Mr. and Mrs. Al. Elterbrook of Calgary were week end visitors of Mr. and Mrs. A. Hansen.

About fifty friends surprised Hans Reiffenstein on his birthday last Wednesday. Lots of fun and frolic was enjoyed and everyone went home smiling. What did you receive Hans?

If each Canadian family used just one ounce less of meat each day, the national saving would be over 600 tons of meat a week, meat that would find its way to those who live with hunger.

Do not waste while others want. Conserve food. Share with the hungry

CLUNY

By Mrs. A. E. C.

A very pleasant party was held at the home of Mrs. A. Maynard, on Wednesday last. Bridge was played at five tables and then on behalf of the bridge club Mrs. F. Fairburn presented Miss Betsy Bell, a bride elect of July with a card table and double deck of cards. Betsy fittingly responded. Honors at cards went to Mrs. W. James and Mrs. W. Sniderman.

Bill McCrady one of the oil drillers met with a very painful accident on Saturday last, a badly crushed hand, he was rushed to the Belcher hospital, where he will be for some time.

Mrs. Ronald Clark and daughters Beverley and Shirley spent several days in Calgary last week when Shirley underwent a tonsillectomy.

Miss Ella Mustard, a June bride elect, spent several days in Cluny visiting her sister Mrs. R. J. Clark.

On Thursday, June 20th, the pupils of Miss V. Thompson of Calgary, presented in the Cluny Community Hall, a musical recital displaying talent and achievement. Miss Thomson may be justly proud, as many of her pupils are beginners showing remarkable accomplishments. The more advanced pupils gave a clever performance. A group of young girls from Bassano, where Miss Thomson is also teaching, music, performed rhythmic exercises, showing clear understanding of time and music. In appreciation of her efforts little Madeline Prowse presented on behalf of the Cluny pupils, a bouquet of roses to Miss Thomson. Lunch was served by the parents of the young musicians, closing an enjoyable evening.

CHEADLE

— By B. W. —

Mr. and Mrs. Red McDougal had as their guests over the week end Mr. and Mrs. G. Gwin and children of Hanna.

Mr. Red McDougal and Mr. Lee Welshman donated a baby skunk and young coyote to the Calgary Zoo. The coyote was sent to San Diego, California, in part exchange for two seals now in the Zoo.

Gordon Barber had his tonsils removed last week and is feeling quite satisfactory.

Mrs. E. Jackson returned home after an enjoyable holiday to the coast.

The last meeting of the W. W. was held at the home of Mrs. L. Gustavsen. It was decided that the meeting during the summer months would be held in the Cheadle Hall.

Mr. J. Van Der Velde had quite a number of men on Tuesday to a cement pouring bee, when they poured the cement for the foundation of his house.

Why Sheep Get Itchy

Most sheep in Canada, as in other parts of the world, get itchy at some time or other. Then they are in discomfort and rub, scrape, and scratch in an attempt to get rid of the cause. In Western Canada the two main causes are the sheep ked (usually called the sheep tick) and the sage tick.

The sage tick is seasonal in its attack on sheep, starting to infest sheep about the middle of March and continuing on till about July. The period of infestation varies with seasonal conditions and the severity of in-

festation also varies considerably from year to year. Unfortunately no practical methods of control have been developed and until this is done the sheep will have to continue to suffer. The sheep ked (sheep tick) infests sheep throughout the year and unless control measures are used can affect seriously the health of the sheep. Fortunately satisfactory control has been developed on a practical basis.

The common method of controlling the sheep ked is by dipping the sheep at least once a year. Several satisfactory commercial dipping solutions are available and if used properly will give good results.

Some variation occurs in the time of dipping. Some producers favor dipping shortly after shearing while others prefer to wait until some wool has grown after shearing. If sheep are

infested heavily with keds dipping should take place soon after shearing. In fact, in cases of heavy infestation the sheep should be dipped twice at an interval of about two weeks. When dipping is practised shortly after shearing less dip is required than when dipping takes place later in the season.

Dipping is not a pleasant job for either man or beast and often leads

to injury to some of the sheep. It occurred to members of the Dominion Experimental Station Staff that some other method would be more desirable and during the last two seasons a system of applying the dipping solution with a power sprayer has been under test. While all the kinks haven't been taken out of the method yet it does have real possibilities and you will hear more about it as time goes on.

STANDARD

ENGLISH WAR BRIDE
WELCOMED TO STANDARD

A largely attended shower was held in the K. P. Hall, Standard on Saturday afternoon, June 22nd, when the ladies of the Community met to honor Mrs. Gordon Buchwald and her baby son David, who arrived last week from England.

The hall was very attractively decorated with lovely garden flowers and the tables had mauve and yellow streamers and bowls of columbine, poppies and peonies. Mrs. J. Foss and Mrs. A. Myrthu received the guests.

Mrs. Buchwald and Mrs. Otto Buchwald were escorted to their seats during the singing of "There'll Always be an England". A short programme was as follows:—O Canada, Hymn, Love Divine, Recitation, Lynne Wilson, Vocal Solo — Mrs. C. Tammis, Welcome Mrs. R. Hansen, Piano Solo — Mrs. S. Jensen, Toast to the Bride — Mrs. N. P. Nelson, Vocal Solo — Hilda Hansen, Hymn — Blest be the Tie, God Save the King.

Mrs. F. D. Knowlton acted as Mistress of Ceremonies for the afternoon. Following the program a dainty lunch was served and Miss Gerda Pedersen and Miss Doris Fletcher presented the guest of honor with many lovely gifts, all of which will be useful in her new home in Edmonton.

Mrs. Buchwald endeared herself to all by her friendly smile and charming manner.

Mr. and Mrs. Gordon Buchwald and little David spent the week end with Gordon's parents, Mr. and Mrs. Otto Buchwald, who have waited long months to greet their new daughter-in-law and grandson.

Welcome rains have fallen in the Standard District during the week end. Beginning Friday evening, it has been showering intermittently, with heavy rain Saturday and Sunday night. Gardens, pasture land and crops in general are all benefitting from this splendid moisture and there is prospect of a fine crop.

IMPORTED FARM MACHINERY GOING UP

Higher prices for imported farm machinery are forecast by a new Prices Board order permitting sellers to add the excess "landed cost" caused by higher prices in the U. S. The Financial Post reports from Ottawa.

Recently the OPA in the United States increased farm implement prices 10% at wholesale, plus an unspecified figure based on the financial needs of individual manufacturers. Since prices under this order are likely to move rapidly but unevenly across the board, and since half Canada's farm implement needs are normally imported from the United States, it was felt necessary to give dealers authority to meet these price jumps from across the board.

Grow Victory Gardens this year, eat more vegetables. Help release wheat, meat, eggs and cheese for bulk shipments to the world's hungry people.

Mr. Prairie Farmer

Are these enormous price differences FAIR to You?

STREET PRICES FOR EQUAL QUALITY WHEAT AT UNITED STATES AND CANADIAN BORDER TOWNS

	Canadian Funds	Difference or Cash Loss to You
NECHE, NORTH DAKOTA	1.91 $\frac{3}{8}$	.81 $\frac{3}{8}$
GREYNA, MANITOBA	1.10	
PORTAL, NORTH DAKOTA	1.87 $\frac{3}{8}$	.80 $\frac{1}{8}$
NORTH PORTAL, SASK.	1.07 $\frac{1}{2}$	
WHITETAIL, MONTANA	1.81 $\frac{1}{4}$	.75 $\frac{1}{2}$
BIG BEAVER, SASK.	1.05 $\frac{1}{4}$	
SWEET GRASS, MONTANA	1.77 $\frac{1}{2}$	.72 $\frac{1}{2}$
COUTTS, ALBERTA	1.05	

Think of the hundreds — perhaps thousands of dollars you will lose by this difference in prices . . . AS LONG AS THE PRESENT PRICES CONTINUE.

Do you believe that your Participation Certificate can make up for more than a small part of the tremendous loss you are suffering?

You have been told that for your present sacrifice you will receive some benefit in the future.

HOW CAN YOU BELIEVE THAT?

You know full well that, in the long run, the greater part of Canadian wheat must be sold abroad at competitive world prices.

SO why shouldn't you get the higher prices now?

U.S. farmers are getting them — and importing countries are paying them.

BUT — when world production of wheat gets back to normal — YOU KNOW that buyers will buy in the cheapest market.

WOULDN'T YOU, IF YOU WERE THE BUYER?

YOU KNOW that no housewife anywhere will ever pay more for a loaf of bread one or two years from now, merely because Canadian wheat growers today are accepting less than world prices.

WHAT GUARANTEE HAVE YOU THAT BECAUSE YOU ACCEPT A LOWER PRICE NOW, YOU WILL GET A HIGHER PRICE LATER?

No guarantee at all.

And don't let anybody tell you anything to the contrary. It isn't true.

Even British importers think you should now be getting higher prices. Here's what Broomhall's Corn Trade News said recently in referring to the need to secure the largest possible amount of wheat from the Canadian West to relieve food shortage:

"The hope must be that growers in the Canadian West will respond to the urgency of the need, BUT WE WOULD FEEL HAPPIER IF THEY WERE OFFERED A PRICE MORE NEARLY APPROACHING THE AMERICAN PARITY."

"It is asking a lot of the Canadian grower to scrape his bins for wheat and, at the same time, accept 55 to 60 cents a bushel less than his brother farmer on the other side of the border. This is one of the anomalies of control."

A LOST PRICE CAN NEVER BE REGAINED . . . BUT FURTHER LOSSES CAN BE STOPPED.

The British government has agreed to pay its own farmers \$2.00 for next year's crop; and the French government is now paying its farmers \$1.78 for this year's crop.

Yet a Canadian delegation in London recently claimed—as reported by the Canadian Press—that YOU WILL BE SATISFIED WITH A MAXIMUM PRICE OF \$1.25 FOR YOUR WHEAT, BASIS NO. 1 NORTHERN, FORT WILLIAM.

What if world prices go higher next year?

Will you be satisfied with \$1.25, when OTHER NATIONS' FARMERS WILL BE GETTING MUCH HIGHER PRICES?

Members of the Winnipeg Grain Exchange are strongly in favour of a healthy FLOOR price for wheat, but they firmly believe that prairie farmers should get prices equal to those received by other nations' farmers.

THINK THIS OVER Prairie Farmers. DO MORE THAN THINK — ACT — PROTEST — AND PROTEST LOUDLY AND LONG to the powers that be, until you get justice and equality of prices.

THE WINNIPEG GRAIN EXCHANGE
